

Crocodile Farm Veterinarian

Leading organisation, full-time position, qualified veterinarian – Darwin, Northern Territory, AUSTRALIA

Closing Date: 5 June 2016

Salary Package: Negotiable

Opportunity – This opportunity is to work with a progressive company managing Australia's largest *Crocodylus Porosus* farming operations throughout Northern Australia. The successful candidate will be expected to work with other specialists involved in animal welfare, water quality, WH&S and other R&D groups to ensure all aspects of our farming operations continue to develop and follow world's best practice.

Role description – Applications are invited from self-motivated and passionate individuals to fill this veterinarian role reporting to the Managing Director. The position will be full time and based in Darwin, but will require some travel to Cairns. The ideal candidate will fulfil a leading role in the farm management team, including responsibility for continuous improvement of and implementation of animal health, biosecurity and welfare across all farms. The role will also be expected to assist in furthering the company's R&D programs.

Qualifications – The successful candidate must have a veterinary degree that meets the qualifications for license to practice with the NT and QLD Veterinary Surgeon Boards. The candidate must have excellent skills in communicating with colleagues and government officials, and strong research skills to liaise and coordinate R&D projects. The candidate must be available for some travel and working extended hours including occasional weekends. A driver's license is required, as well as strong computer literacy.

To apply – Candidates are required to submit the following in their application package:

1. Letter of application addressing the position requirements
2. Detailed CV
3. Contact details for two referees

Applications should be emailed to the Human Resources Manager via email: **hrm@australiancrocodile.com** and enquires can be made via telephone +61 7 4043 3401.

An offer of employment is conditional upon completion of all applicable background checks and confirmation of credentials, the results of which must be satisfactory to the employer.
