All Creatures Animal Hospital is a progressive, state-of-the-art facility offering a great opportunity for an associate veterinarian.

Our practice currently has 4 DVMs and are hoping to expand with a fifth associate that could be responsible for all exotic care, as our 10% of our practice's patients are exotics. Must be competent with small animals.

Dr. Dan Meakin, owner of All Creatures Animal Hospital is at this conference and wants to meet you! Text or call him, at **513-258-6087**, to meet up!
