

## Parrish Creek Veterinary Clinic

Parrish Creek Veterinary Clinic is a well-established small animal and exotics hospital located just north of scenic Salt Lake City. We are in Centerville, located at the bed of the Wasatch Mountain foothills. We've been the go-to hospital for avian and exotic medicine for the last 20 years. As of now, we have the only two avian board-certified doctors in Utah and surrounding states. We are looking for an associate to join our team.

We have enjoyed the reputation in our community of maintaining a high standard of medical care and our goal is to exceed our client's expectations with our excellent customer service and communication.

Parrish Creek has state-of-the-art equipment including digital radiology, digital dental radiology, ultrasound, CT imaging, and an in-house laboratory. Although we treat a high volume of exotic patients, we also focus on our canine/feline patients. Overall, our patient list consists of 50% avian and exotic and 50% small animal.

Our doctors typically work 40 hours per week. We are flexible with work schedules and can tailor to your needs and preferences, however we have abbreviated hours on Saturdays and they are shared between all the doctors. We are closed on Sundays and have no after hour emergencies. Work-life balance is very important to us.

Our ideal candidate will have 3 + years of experience with the right attitude and interests. Our compensation and benefit plans are also generous, competitive and commensurate with experience, including:

- Signing bonus up to \$20,000 and relocation reimbursement
- Medical, dental, vision, life and short-term disability insurance
- 401 (k) plan with employer match
- Paid time off
- Continuing education allowance
- Reimbursement for licensure and dues
- Employee discounts on personal pet care

Please contact Debbie Schluter at [dschluter@parrishcreekvet.com](mailto:dschluter@parrishcreekvet.com) for further information and to submit your resume/CV. All applications will be kept confidential.
