

Seeking a small animal and exotic associate for our full-service veterinary practice in Las Vegas, NV. Applicants should have an interest or experience in exotic pet medicine and surgery and a desire to practice high-quality veterinary care.

Lone Mountain Animal Hospital provides medical and surgical care for dogs, cats and exotic species such as reptiles, birds, rabbits, ferrets, pocket pets, fish, goats and pot belly pigs. In addition to client owned pets, our veterinarians provide veterinary care for wildlife, several local pet stores, animal shelters, and exotic species rescue groups.

Generous salary and benefits package including relocation bonus, health insurance, simple IRA, paid professional licenses, vacation and continuing education.

About our practice:

Lone Mountain Animal Hospital is a multiple doctor practice located in Las Vegas which has proudly provided veterinary care to the community since 1987. In addition to dogs and cats, our veterinarians treat a wide variety of exotic species.

Our facility is well-equipped, allowing our veterinarians to practice top quality medicine and surgery utilizing all digital radiology, laser surgery, therapeutic laser, Abaxis in-house laboratory, ultrasound, paperless Impromed computer system, and Storz endoscope.

Local specialist access is available through the Las Vegas Veterinary Specialty Center. After hours emergency care is provided by the nearby Veterinary Emergency and Critical Care Center North.

Our veterinary team utilizes teamwork and collaboration to care for our patients. We value both professional growth and personal wellness for the entire veterinary team with a focus on culture. Our hospital culture committee provides activities and outings for our team members. The family atmosphere, dedicated support staff and pleasant work environment make Lone Mountain Animal Hospital an enjoyable place to practice.

Come join us in making a difference-one pet at a time!
