

Associate veterinarian position available for part-time to full-time in a well-established, community servicing practice on the Martinez-Pleasant Hill border in the East Bay. Oasis Veterinary Hospital is a privately owned, AAHA accredited with ABVP diplomate as medical director. Our caseload is about 50% dogs and cats and 50% reptiles and exotic companion mammals. We strive to provide cutting edge care tailored to the individual pet and client's needs. Candidates must have excellent communication skills with clients and our team. We are fully equipped with brand new, state of the art equipment (including ultrasound, digital radiography, digital dental radiography, comprehensive in-house laboratory, radiosurgery, and critical care requirements). We are honored to receive regular referrals from local practices for more advanced care for exotic species. We work closely with local specialists and emergency hospitals to make sure our patients get the care that they need. We have a highly talented and caring support team that enjoy caring for all species and working closely with the veterinary team. Daily base plus production compensation is provided. Benefits include, but not limited to, medical insurance, dental and vision insurance, 401K with matching program, PTO, CE allowance, and membership to a local gym. Experience with or a strong desire to treat all small mammals and reptiles is a must. Send resumes to lasseo@oasisveterinaryhospital.com.
