

[The Center for Bird and Exotic Animal Medicine](#) (CBEAM), is looking for full time veterinary technicians to join our team. Located near Seattle, WA, CBEAM is thriving in these unprecedented times and continuing to expand the services offered to our clients. We are exotics-exclusive, staffed 24/7, and provide both emergency and routine preventative care to our patients. We recently added CT and fluoroscopy to our clinic, and already have digital radiography, ultrasound, endoscopy, and specialized surgical equipment. We also have access to multiple other local clinical specialists (cardiology, radiology, oncology, etc.). We currently have 8 full time doctors (including one ABVP board certified avian specialist and 1 full time veterinary resident), 7 techs, and 10 assistants.

We are offering a competitive salary based on experience level in addition to full benefits and a generous CE allowance. We are willing to train individuals without prior exotics experience, but prior emergency medicine experience is highly desired.

Interested candidates should send their CV/resume, as well as at least two employment references, to Elizabeth.Hershly@nva.com.”
