

Long Island Bird & Exotics Veterinary Clinic (LIBEVC) is expanding!!

We are the newest exotics specialty hospital in the greater NYC area. We are growing fast and looking to add more veterinarians to our team.

We are a high quality, multi-doctor hospital specializing in birds and exotics. We are known for our advanced medicine and surgery services, especially advanced imaging and interventional endoscopy. Our hospital is equipped with all the bells and whistles you could ask for, including in-house HD-CT, multi-probe ultrasound, DR, multiple flexible and rigid Storz endoscopes, laser therapy, tonopen, in-house lab including iStat, 4 complete anesthesia stations including any type of patient monitoring you could ask for, and more. Our practice works with other specialists on a regular basis including a boarded neurologist, oncologist, cardiologist and radiologist (ALL of our CT scans are also read by a board certified radiologist specialized in exotics). Our diagnostic capabilities and patient care are exceptional and we take pride in the cutting edge medicine and compassionate care we provide. LIBEVC supports several local rescue and wildlife organizations so our team enjoys providing the same level of care to raptors and other small wildlife from the area. Our hospital offers a positive and supportive environment maintaining a happy workplace and our supporting staff is knowledgeable and skilled with our avian and exotic patients.

We are located in Great Neck, just outside New York City. Great Neck boasts many things, including offering some of the highest ranking public schools in the nation.

We are looking for an experienced exotics veterinarian (boarded, residency trained/boards eligible, internship graduates are all welcome to apply. We will provide mentorship as needed, and an internship position is also available for the right candidate). We offer a competitive benefits package which will be discussed in person which includes health insurance, paid time off, CE/dues, heavily discounted personal pet services, etc., and advanced training (paid courses) specific to your needs is also available.

If you are passionate about exotics medicine, are hard working, compassionate and devoted to your patients, please send a copy of your CV to: gia@birdexoticsvet.com.
