

Niles Animal Hospital and Bird Medical Center is seeking an energetic, compassionate full-time Veterinarian to join our team. We are located in the popular suburb of Niles, Illinois just west of Chicago.

We are proud to be a non-corporate hospital that has been AAHA accredited since 1953, allowing us to serve generation after generation of family pets. We are a growing practice with an excellent reputation that has a very strong client base. We have an amazing long-term, kindhearted team. Our practice is comprised of small animal, avian, exotic, reptile and wildlife patients. Experience is a plus, but not required. We are happy to mentor a new graduate.

We expect our doctors to be comfortable with veterinary internal medicine, dentistry, radiology, and basic surgical techniques. We are equipped with a cloud based medical record system, full in-house laboratory, ultrasound, surgical and therapeutic laser, dental and full body digital radiographs and an outstanding team.

Our benefits include a competitive salary, medical benefits (including health, dental and vision), paid vacation, 401k with company match, CE allowance, generous pet care discounts, paid licensing and association dues. New grads or experienced veterinarians welcome.
